

Geoff & Bobbie know that when you dare to dream, anything is possible. It's a simple philosophy, but one that they bring to both their personal and business lives. A trusted and professional real estate team, Geoff & Bobbie each have over 25 years of experience and are top producing realtors® who are ranked in the top 1% in the industry. Their knowledge and expertise truly lifts them "Above the Crowd" and enables them to assist buyers and sellers alike in realizing their real estate dreams.

Geoff believes in following your heart and that with hard work and determination you will reach your goals. He learned this early in life. As an avid musician, Geoff wanted to earn his living in an industry in which it is notoriously difficult to do so. Geoff's passion for music and belief in himself allowed him to beat the odds and successfully support himself touring with his band across eastern Canada while earning a university degree.

## *In Tune with Clients' Needs*

Geoff is still passionate about music and jams regularly with some fellow enthusiasts, but once married, he decided it was time for a more traditional career. He immediately knew that becoming a real estate broker would be ideal. Geoff brings the same commitment, focus and enthusiasm that he once brought to music to his real estate career. And he is still doing something he loves.

## *All in the Family*

Bobbie grew up around real estate; her parents were successful realtors® who opened the first Re/Max office in Edmonton. Bobbie learned first hand the importance of professionalism, dedication and customer service and she has put this knowledge to good use. Family has always been the touchstone in Bobbie's life and she understands how important making the right move is for families. With buyers she knows it is not only about finding you the perfect home, it is also about making sure the neighbourhood, schools and amenities meet your family's needs. And with sellers, Geoff & Bobbie work diligently to protect your family's best interests from the initial consultation until after the closing day.

## *A Trusted Partnership*

Geoff & Bobbie met, fittingly enough, at a Re/Max conference in Vancouver. They married soon after and discovered they complement each other beautifully, not only in their personal lives, but in their professional lives as well. Geoff brings his energy, focus and exceptional sales & negotiation skills to their partnership while Bobbie brings her creativity, outstanding marketing ideas and knowledge of the latest trends in technology. Together, they are an unbeatable team you can count on for outstanding results.
